NEW FREIGHT STATION IN MOST

By a decision of the Ministry of Transportation, a freight station for the Most classification yard will be opened 1 April within the district of the State Railroad Management in Usti nad Labem. It will be connected to the Czechoslovak State Railroads at the Most railroad station. The new freight station will be especially important for the receipt and dispatch of car-load shipments of express and freight, and tank cars for the Northern Czech Brown-Coal Mines.

On the same day, a branch dispatching office for the Most Stalin Factories will be opened on the factories' siding in Zaluži near Most.
